ABOUT DEAR JACK

A POWERFUL VOICE IN THE FIGHT AGAINST YOUNG ADULT CANCER

Dear Jack provides impactful programming that directly benefits adolescents and young adults diagnosed with cancer in order to improve their quality of life and create positive health outcomes from treatment to survivorship for patients and their families.

A man with short dark hair and a light beard is lying in a hospital bed, propped up by white pillows. He is looking directly at the camera with a gentle smile. He is holding several colorful, handwritten letters in his hands. The letters are in various colors: yellow, pink, blue, and green. Some have drawings like a unicorn and a rainbow. The text on the letters is handwritten in various colors. The overall lighting is soft and natural.

"This is my last session of treatment and I've been so overwhelmed and these letters have made me smile and cry all at once knowing that people care and support me even if they don't know me. I love these so much and I will keep them forever."

-Quintevia

"I am overwhelmed with love and joy after receiving the support letters from all the volunteers. Gifts like that have no price and this one is the most beautiful I've received since my diagnosis. Send the volunteers hugs and blessings on my behalf please. Once again, thank you so much!"

-Mariela

"Thank you, thank you, thank you for the envelope full of encouraging letters from so many incredible strangers! The timing couldn't have been better and I immediately starting sobbing (in a good way) when I read them. It's been a rough week and reading all of those kind and heartfelt letters was just what I needed. They're all truly incredible, so hopeful, and not a single one had a thought of toxic positivity. I can't give you enough thanks."

-Libby

A large, stylized, handwritten-style graphic in a vibrant pink color. It features the words "Thank you" written in a cursive, flowing font. Above the word "Thank" is a simple outline of a heart. The entire graphic is set against a dark teal background.

"That package of letters arrived this week and it was a gift that meant the world to me. I was so blown away by the kindness and love of so many strangers and was so touched I had to order a cork board so I could keep them all on display. It's my little reminder of how far I've come and how much support I have to keep going. Thank you for this gift of inspiration and love, I cannot stress how much this has impacted me in the best way possible."

-Greg
