

DEAR JACK COMMUNITY INITIATIVE OVERVIEW

WHAT?

The Dear Jack Foundation has created a community space with gatherings, resources, and support specifically for AYA cancer patients, survivors, and thrivers.

WHO?

Any AYA (18-39 years old) cancer patient, survivor, or thriver.

WHY?

We believe in the power of shared experiences and the strength that comes from supporting one another. We want to provide any AYA patient, survivor, or thriver with the ability to gather, learn, and connect.

HOW?

We've created a log-in section on our website that is completely free and regularly updated. If you are an AYA cancer patient, survivor, or thriver, just complete the registration form and we will get you set up with a login so you can have access.

WHERE?

Just head to www.dearjackfoundation.org/community for more information and the registration page.

INCLUDED

Our community section includes a calendar to upcoming virtual get-togethers, links to access our closed, AYA Facebook and Discord groups, resources from prior events, mental health supports, and the ability to sign up to stay in the know on events and happenings.

QUESTIONS

Feel free to reach out to us at info@dearjackfoundation.org with any questions or suggestions!
